Youth Apprenticeship (YA)

Preparing the next generation of workers for your industry or business.

The YA Program has been connecting employers with high school student talent for over 25 years, creating a scalable and successful program with input from industry. Employers extend permanent job offers to more than 75 percent of the graduating youth apprentices annually, making YA an excellent pipeline for recruiting and retaining loyal, well-trained talent. Employers continually report a high level of satisfaction with the program.

Youth Apprenticeship (YA) is a highly successful talent acquisition strategy in which employers hire high school juniors or seniors for a one or two-year apprenticeship. During the apprenticeship, the student continues toward high school graduation and takes courses related to the profession as a way of enhancing what is being learned on the job. The YA Program is coordinated locally by regional consortia and overseen by the Wisconsin Department of Workforce Development (DWD).
